STENIGOT "CHAIN HOME" AMATEUR RADIO CLUB

New Club For Lincolnshire

The founder members felt there was a gap in the area for an RSGB affiliated club as the nearest was Lincoln some 30 miles away, so the Stenigot Chain Home ARC was formed. We meet on the third Friday of the month at Gayton le Marsh Village Hall. The start time is 19.30 for 20.00 Hrs and finishing times vary dependent on programme and how talkative everyone is Hi Hi.

In between the monthly meetings we also arrange activities at the club shack which is situated at the old RAF Stenigot radar site on the Lincolnshire wolds near Stenigot 151 Mtrs ASL NGR TF257825. The shack is in the only surviving perimeter defense pill box with has been renovated by club members. The shack is equipped with antennas for most bands including ATV.

The club operates an open door policy and membership is free we just ask for a voluntary contribution at meetings to fund the club.

For more information on the club

and it's activities take a look at our club website at:

www.stenigotchainhomearc.co.uk

Maybe see you one Friday

Club Members at Gayton Village Hall

GB3LC Lincolnshire Coast 70cm Repeater.

Members of the club have been working to resurrect the above. The repeater is to be put back on air in memory of well known local amateur Nigel Goddard G7UWU AKA Red Devil to his CB friends who fell silent in August of this year, he will be missed internationally on the air waves but never forgotten.

GB3LC will be on RB09 433.225 Output 434.825 Input CTCSS 71.9

The repeater first came on air on 20th Feb.1980 lets make sure it lasts another 30 years. Fingers crossed it will be back on air in 6 to 8 weeks.

Many thanks to Brian G7AJP for providing the new site and Roger VK4IPE for the original repeater.
